Fourth Baltic Young PhD Conference on
Learning in Networks

Collocated with the BaSoTI 2010 Summer School
August 20th and August 21st in Kaunas, Lithuania

BaSoTI is a Baltic Summer School Series in Technical Computer Science, held 2005 and 2006 in Vilnius, 2007 in Riga, 2008 and 2009 in Tartu and 2010 in Kaunas. Complementary to the Summer School, which addresses young Master students, a conference will take place as a collocated two-day scientific event, **aimed at giving PhD students the possibility of gaining first conference experience.**

BaSoTI 2010 will be held in Kaunas from August 13th to August 28th, 2010 at the Kaunas University of Technology, Faculty of Informatics. The conference will **start on August 20th at 13:30, talks will take place until afternoon of August 21st.** In the evening of August 21st there will be a alumni meeting and a social event together with the participants of the summer school. For the participants of the summer school, additional preconference tutorials are held in the morning of August 20th, to allow a smoother transition from the Master level to a research oriented PhD level.

The conference is open for submissions of researchers at all levels and from all countries. It is specifically directed at PhD researchers and collaborators of the BaSoTI cooperation.
